1 Identification

Product identifier
Trade name: Tire Talc
Article number: 14-550

Recommended use and restriction on use
Recommended use: Tire maintenance.
Restrictions on use: No relevant information available.

Details of the supplier of the Safety Data Sheet
Manufacturer/Supplier:
31 Incorporated
100 Enterprise Dr.
Newcomerstown, OH 43832
Phone: (740) 498-8324

Emergency telephone number:
ChemTel Inc.
(800)255-3924 (North America)
+1 (813)248-0585 (International)

2 Hazard(s) Identification

Classification of the substance or mixture
The product is not classified as hazardous according to the Globally Harmonized System (GHS).

Label elements
GHS label elements Not regulated.
Hazard pictograms: None.
Signal word: None.
Hazard statements: None.
Precautionary statements: None.

3 Composition/information on ingredients

Chemical characterization: Mixtures

<table>
<thead>
<tr>
<th>Components</th>
<th></th>

</tbody>
</table>

Additional information: For the wording of the listed Hazard Statements refer to section 16.

4 First-aid measures

Description of first aid measures
After inhalation: Supply fresh air; consult doctor in case of complaints.
After skin contact:
Brush off loose particles from skin.
Immediately wash with water and soap and rinse thoroughly.

(Cont'd. on page 2)
Trade name: Tire Talc

If skin irritation is experienced, consult a doctor.

After eye contact:
Rinse opened eye for several minutes under running water.
Seek medical treatment in case of complaints.

After swallowing:
Rinse out mouth and then drink plenty of water.
Seek immediate medical advice.

Most important symptoms and effects, both acute and delayed:
Slight irritant effect on eyes.
Gastric or intestinal disorders when ingested.

Indication of any immediate medical attention and special treatment needed:
If necessary oxygen respiration treatment.

5 Fire-fighting measures

Extinguishing media

Suitable extinguishing agents:
The product is not flammable.
Use fire fighting measures that suit the environment.

For safety reasons unsuitable extinguishing agents: None.

Special hazards arising from the substance or mixture No relevant information available.

Advice for firefighters

Protective equipment:
Wear self-contained respiratory protective device.
Wear fully protective suit.

Additional information: No relevant information available.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures
Use respiratory protective device against the effects of fumes/dust/aerosol.
Ensure adequate ventilation.
Avoid formation of dust.

Environmental precautions No special measures required.

Methods and material for containment and cleaning up Pick up mechanically.

Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7 Handling and storage

Handling

Precautions for safe handling:
Prevent formation of dust.
Trade name: Tire Talc

Any deposit of dust which cannot be avoided must be regularly removed. Do not dry clean dust covered objects and floors. Wash thoroughly with plenty of water.

Information about protection against explosions and fires: The product is not flammable.

Conditions for safe storage, including any incompatibilities

Storage

Requirements to be met by storerooms and receptacles:
Store in cool, dry conditions in well sealed receptacles.

Information about storage in one common storage facility:
Store away from foodstuffs.
Protect from humidity and water.

Specific end use(s) No relevant information available.

---

8 Exposure controls/personal protection

Control parameters

Components with limit values that require monitoring at the workplace:

Safety Data Sheet
acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: June 29, 2017  Revision: June 29, 2017

Trade name: Tire Talc

(Cont’d. of page 3)

Exposure controls
Personal protective equipment:
General protective and hygienic measures:
The usual precautionary measures for handling chemicals should be followed.
Wash hands before breaks and at the end of work.
Avoid breathing dust.
Engineering controls: Provide adequate ventilation.
Breathing equipment:
Wear appropriate NIOSH respirator when ventilation is inadequate and occupational exposure limits are exceeded.
For spills, respiratory protection may be advisable.
Protection of hands:
Gloves not required under normal conditions of use.
Protection may be required for spills.
Eye protection:

Safety glasses

Follow relevant national guidelines concerning the use of protective eyewear.

Body protection:
Not required under normal conditions of use.
Protection may be required for spills.

Limitation and supervision of exposure into the environment
No relevant information available.
Risk management measures No relevant information available.

9 Physical and chemical properties

Information on basic physical and chemical properties

</tbody>
</table>

(Cont’d. on page 5)
10 Stability and reactivity

Reactivity: No relevant information available.
Chemical stability:
Thermal decomposition / conditions to be avoided:
No decomposition if used and stored according to specifications.
Possibility of hazardous reactions
As the product is supplied it is not capable of dust explosion; however enrichment with fine dust causes risk of dust explosion.
Conditions to avoid Prevent formation of dust.
Incompatible materials No relevant information available.
Hazardous decomposition products No dangerous decomposition products known.

11 Toxicological information

Information on toxicological effects
Acute toxicity:
LD/LC50 values that are relevant for classification: None.
Primary irritant effect:
On the skin: Based on available data, the classification criteria are not met.
On the eye: Mechanical irritation only.
Sensitization: No sensitizing effects known.

IARC (International Agency for Research on Cancer):
None of the ingredients are listed.
Safety Data Sheet
acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

Printing date: June 29, 2017
Revision: June 29, 2017

Trade name: Tire Talc

(Cont’d. of page 5)

NTP (National Toxicology Program):
None of the ingredients are listed.

OSHA-Ca (Occupational Safety & Health Administration):
None of the ingredients are listed.

Probable route(s) of exposure:
Ingestion.
Inhalation.
Eye contact.
Skin contact.

Acute effects (acute toxicity, irritation and corrosivity): None.
Repeated dose toxicity: Based on available data, the classification criteria are not met.
Germ cell mutagenicity: Based on available data, the classification criteria are not met.
Carcinogenicity: Based on available data, the classification criteria are not met.
Reproductive toxicity: Based on available data, the classification criteria are not met.
STOT-single exposure: Based on available data, the classification criteria are not met.
STOT-repeated exposure: Based on available data, the classification criteria are not met.
Aspiration hazard: Based on available data, the classification criteria are not met.

12 Ecological information

Toxicity
Aquatic toxicity No relevant information available.

Persistence and degradability No relevant information available.
Bioaccumulative potential: No relevant information available.
Mobility in soil: No relevant information available.

Additional ecological information
General notes:
Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Results of PBT and vPvB assessment
PBT: Not applicable.
vPvB: Not applicable.

Other adverse effects No relevant information available.

13 Disposal considerations

Waste treatment methods
Recommendation:
Small amounts may be diluted with plenty of water and washed away. Dispose of bigger amounts in accordance with Local Authority requirements.
The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

(Cont’d. on page 7)
### 14 Transport information

<table>
<thead>
<tr>
<th>UN-Number</th>
<th>DOT, ADR, IMDG, IATA</th>
<th>Not regulated.</th>

</tr>
</tbody>
</table>

### 15 Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture

**United States (USA)**

**SARA**

**Section 302 (extremely hazardous substances):**

None of the ingredients are listed.

**Section 355 (extremely hazardous substances):**

None of the ingredients are listed.

**Section 313 (Specific toxic chemical listings):**

None of the ingredients are listed.

**TSCA (Toxic Substances Control Act)**

All ingredients are listed.

**Proposition 65 (California)**

Chemicals known to cause cancer:
Reference to talc not applicable to product, as product contains no asbestiform fibers.

14807-96-6 | Talc (Mg3H2(SiO3)4)

(Cont’d on page 8)
Trade name: Tire Talc

Chemicals known to cause reproductive toxicity for females:
None of the ingredients are listed.

Chemicals known to cause reproductive toxicity for males:
None of the ingredients are listed.

Chemicals known to cause developmental toxicity:
None of the ingredients are listed.

Carcinogenic categories

EPA (Environmental Protection Agency):
None of the ingredients are listed.

IARC (International Agency for Research on Cancer):
14807-96-8 Talc (MgH2(SiO3)4) 2B

NIOSH-Ca (National Institute for Occupational Safety and Health):
None of the ingredients are listed.

Canadian Domestic Substances List (DSL):
All ingredients are listed.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Date of preparation / last revision June 29, 2017 / -

Abbreviations and acronyms:
ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road
IMDG: International Maritime Code for Dangerous Goods
DOT: US Department of Transportation
IATA: International Air Transport Association
CAS: Chemical Abstracts Service (division of the American Chemical Society)
LC50: Lethal concentration, 50 percent
LD50: Lethal dose, 50 percent
PBT: Persistant, Bio-accumulable, Toxique
vPvB: very Persistent and very Bioaccumulative
NIOSH: National Institute for Occupational Safety and Health
OSHA: Occupational Safety & Health Administration
